NEWS FROM MAUI.

The Latest Doings of the People of That Island.

MAUI, June 2.—The Maui poet would sing (if he exists) of the dust, dust, dust! that blows, blows, blows, in the spring, tra la. The red powder of Maui roads, combined with the strong winds and intense heat of the dry season, makes the traveling of them a bitter punishment and pleasure-journing a vanity of vanities. A sure test of an ultra-serene soul and abnormally happy disposition is a trip through the by-ways and wire fences of Spreckelsville at the present moment. Kahikinui, that wonderful pasture-land of the island, is as dry as tinder; the caterpillars and the drought have destroyed all vegetation, and unless rain comes soon many of the best cattle of Maui will perish, so one of the ranch-owners reports.

During Sunday, the 27th of last month, the sacred celebration of "Corpus Christi" at Wailuku was witnessed by a large throng of people. An early train from Paia pulled eleven or twelve heavily laden cars into Maui's leading burg.

The ceremonies of the occasion took place at the Catholic Mission, and the religious procession visited the church, burying ground and hospital. During Monday afternoon, the 28th of May, Mrs. H. G. Alexander gave a "high tea" to the ladies of Makawao. E. Helekunihi, Esq., of Haiku was formally installed as District Magistrate of Wailuku during May 31st. He takes W. H. Daniels' position, whose two years' term of office has recently expired. Judge Helekunihi is one of few Maui lawyers who has favored the annexation movement.

During May 31st, five members of the Wailuku police force were dismissed for failing to subscribe to the required oath. It is reported that for the same reason quite a number of other Maui policemen will so lose their present occupation just as soon as suitable men to take their places can be obtained.

A crater party of tourists from California, five ladies and two gentlemen, visited the Palace of the Sun yesterday in the early morning hours. They returned to Honolulu today.

During the 1st inst. several suits were brought against delinquent taxpayers, in the Makawao Police Court. A certain Kaleihua of Kula in defense stated that this Government had no right to collect taxes, and therefore he had refused to pay them. Judge Copp said he had no ruling whatever to make as to the right of existence of the present Government, but according to law the gentleman must pay.

Inspector General A. T. Atkinson is in Wailuku district on his summer tour. Tax Assessor C. H. Dickey has recently returned from Hana district. On his way over he passed through the crater, was belated and was compelled to camp for one night and endure the cold of 10,000 feet altitude without blankets. He was entertained at the Kaupo coffee plantation of Mr. Carnett, at Manager Gjerdrum's of Hana, and at Charles Gray's, who is temporarily stopping at Keanae. He entered suit at Hana Court against J. P. Sylva, his late deputy, who was bound over to the jury at Wailuku on the charge of embezzlement.

During Kamehameha Day, June 11th, six native Sunday schools of Maui, extending from Kahakuloa to Kanaio, will hold a convention at Pookela Church, Makawao. They will have a luau, and they expect that an unusually successful gathering will take place.

If the signs of the times are read correctly Makawao District will soon be filled with summer guests (summer girls and summer women, etc.). The Kalaupai Tennis Club held their first meeting of the present season last Saturday afternoon.

The Makawao Polo Club as yet shows little signs of life, though the school children in the vicinity of the polo grounds are fierce in their enthusiasm for "hockey," or as they call it, "polo."

On Maui there are quite a number of baseball clubs—three in Wailuku, two in Makawao and two in Lahaina. They should form an inter-district league and play a schedule of games. No shipping news this week—no vessel has entered or departed from the seaport.

Weather warm, with some tiny sprays of moisture along the coast.

The Gunboat Bennington arrived at Mare Island on May 12th.

SIX RUNS TO TWO.

The Hawaii's Defeat the Crescents on Saturday Afternoon.

	Games Won.	Games Lost.	Games Played.	Per- centage.
Kam's...	4	0	4	1.000
Hawaii's	2	2	4	.500
Crescents	0	4	4	.000

The base ball game on Saturday between the Hawaii's and the Crescents will be remembered for two things—the length of time it took to play it and the entire quiet which prevailed. The absence of the Kamehameha "shouters" may account for the latter, as the youngsters took a day off to be in good trim for next Saturday. A young man named Wood was put in the box for the Crescents in place of the regular pitcher. Wood may not be the greatest pitcher on earth, but he succeeded in unloading curves enough to hold the Hawaii's down to six hits besides striking out five men. He is a humorous looking fellow and has a property smile that would be worth a fortune if he adopted the minstrel stage, as a means of livelihood.

Abia pitched for the Hawaii's. He was batted freely but the men at his back gave him good support. H. Wilder and Pryce caught for the Crescents and Hawaii's. Both had an off day as three passed balls are recorded against them. The game as a whole was uninteresting owing to the many errors made by the players.

The following is the official score:

NOTES OF THE GAME.

McNicol had the hard luck to die at the home plate three times. He made a valiant effort to score, but the fates were against him.

When are the Crescents to win their first game? The game was one of the slowest of the season, and one that gave the lovers of the sport that tired feeling and nearly put them to sleep.

The absence of the Kamehameha "shouters" was a pleasant relief to the spectators. Willis, of the Hawaii's, distinguished himself. He made three runs out of the six.

The parlors of the Arlington Hotel were prettily decorated on Saturday evening with flags and flowers. T. E. Krouse, the owner of the hotel, received a vote of thanks for his kindness.

Homes at Pearl City!

THE OAHU RAILWAY & LAND CO.

Offer the Public Another Great Opportunity to Secure Homes in One of the Most Delightful Localities to be Found in the Paradise of the Pacific.

As a healthy resort—Pearl City has already established an enviable reputation. Many good citizens in this community have experienced the wonderful effect produced by a few days sojourn in that dry, cool atmosphere, and give grateful testimony to the relief they have almost instantly gained from severe and long continued attacks of asthma. Physicians acquainted with the climate of Pearl City recommend it as a natural sanitarium.

The Water Supply is Ample.

And can be increased to meet the needs of a population equal to the largest city in the world. Prof. A. B. Lyons of Oahu College is our authority for stating that the water supply is the purest yet discovered in this country.

SPECIAL INDUCEMENTS TO EARLY SETTLERS!

For ninety days from date we will sell LOTS ON SPECIAL TERMS favorable to bona-fide settlers. For a term of three months from date, lumber and all building materials will be supplied, and delivered at Pearl City at much lower price than ever before obtained.

For further particulars, call at this office or on any of the lumber dealers in this city. Those who now own lots as well as those who propose to become residents of that growing city, will do well to embrace this opportunity. Those who avail themselves of this offer, within the time named, will be entitled to, and will receive the following benefits:

For a term of ten years, this Company will carry such residents and their families from Pearl City to Honolulu in the morning (arriving a little before seven o'clock), and from Honolulu to Pearl City in the evening (leaving Honolulu station a little after five o'clock), for ten cents each way, a rate less than one cent per mile. The rates on all other passenger trains running during the day or night will be 1½ cents per mile first class, and 1 cent per mile second class.

A good school is about to be opened in the Peninsula, in the fine, large, new school-house erected by Mr. J. T. Waterhouse. Residents living at Pearl City heights, (above Pearl City station) and those having homes on the Peninsula, will be allowed to ride free on regular trains between Pearl City stations to and from the Peninsula.

Those who want to continue to send their children to schools in Honolulu, for purpose of attending school at five cents each way for each pupil. This is equal to 24 to 26 miles ride for ten cents.

Equal inducements for those desiring to secure homes in this country have never before been offered to the public.

This Company has been requested from abroad to name the price of all their unsold land in that locality.

Should a clearance sale be made to a syndicate, no opportunity like the present would again occur for the purchase of homes at Pearl City.

"A word to the wise is sufficient."
